Establishing a sponsoring consortium for Open Access publishing in particle physics

Friday 03 November 2006 - Friday 03 November 2006

CERN

Programme

Table of contents

Friday 03 November 2006 1

Reforming the publishing model 1

Proposal for establishing a sponsoring consortium for Open Access publishing in particle physics 1

Short panel: The role of libraries in taking the proposal forward 1

Round table on the proposal of establishing a sponsoring consortium 1

A model for budget and cost-sharing estimate 1

Round table on the model for cost sharing 1

Views of the European Commission 1

How SCOAP would work 1

Round table on how SCOAP would work 1

Conclusions 1

End of meeting 1

Friday 03 November 2006

Reforming the publishing model - 60/6-002 (09:15-09:35)

- **Presenters: AYMAR, Robert (Director-General, CERN)**

Proposal for establishing a sponsoring consortium for Open Access publishing in particle physics - 60/6-002 (09:35-10:00)

- **Presenters: VOSS, Rudiger (Senior scientist, CERN)**

Short panel: The role of libraries in taking the proposal forward - 60/6-002 (10:00-10:20)

- **Presenters: KAEMPER, Bernd-Christoph (GASCO - Austria, Germany and Switzerland); GARGIULO, Paola (Secretary, INFER - Italy); KARLSEN, Signy (Consortium administrator, ABM-utvikling - Norway)**

Round table on the proposal of establishing a sponsoring consortium - 60/6-002 (10:20-11:00)

A model for budget and cost-sharing estimate - 60/6-002 (11:15-11:35)

- **Presenters: MELE, Salvatore (Scientific information officer, CERN)**

Round table on the model for cost sharing - 60/6-002 (11:35-12:00)

Views of the European Commission - 60/6-002 (12:00-12:20)

- **Presenters: ZILGALVIS, Pēteris (Head of unit, Research Directorate-General - European Commission)**

How SCOAP would work - 60/6-002 (14:00-15:00)

Round table on how SCOAP would work - 60/6-002 (15:00-15:45)

Conclusions - 60/6-002 (16:00-16:15)

End of meeting - 60/6-002 (16:15-16:15)
