HIE-ISOLDE Spectrometer Workshop

Thursday 10 March 2011 - Friday 11 March 2011

Lund University

Book of Abstracts

Contents

Welcome 1

HIE-ISOLDE technical aspects 1

Floor plans, infrastructure & logistics for HIE-ISOLDE 1

Beams available at HIE-ISOLDE 1

Demands from experiments for a spectrometer at HIE-ISOLDE 1

Requirements for zero-degree ion selection in transfer 1

From VAMOS to VAMOS++ 1

The electromagnetic mass analyzer, EMMA 2

The recoil mass spectrometer MARA at JYFL 2

The tracking spectrometer PRISMA coupled to the Ge-arrays CLARA and AGATA 2

Nuclear structure research at RITU 2

RDDS measurements at RITU and prospects at HIE-ISOLDE 2

Possible use of a recoil separator in conjunction with HELIOS at HIE-ISOLDE 2

In beam spectroscopy at HIE-ISOLDE 3

Simulations for a future spectrometer at HIE-ISOLDE 3

Summary 3

10

Welcome

11

HIE-ISOLDE technical aspects

Corresponding Author: matteo.pasini@cern.ch

12

Floor plans, infrastructure & logistics for HIE-ISOLDE

Corresponding Author: erwin.siesling@cern.ch

13

Beams available at HIE-ISOLDE

Corresponding Author: thierry.stora@cern.ch

14

Demands from experiments for a spectrometer at HIE-ISOLDE

Corresponding Author: thorsten.kroell@cern.ch

15

Requirements for zero-degree ion selection in transfer

Corresponding Author: w.catford@surrey.ac.uk

16

From VAMOS to VAMOS++

Corresponding Author: mrejmund@ganil.fr

17

The electromagnetic mass analyzer, EMMA

Corresponding Author: davids@triumf.ca

18

The recoil mass spectrometer MARA at JYFL

Corresponding Author: jan.saren@jyu.fi

19

The tracking spectrometer PRISMA coupled to the Ge-arrays CLARA and AGATA

20

Nuclear structure research at RITU

Corresponding Author: juha.uusitalo@jyu.fi

21

RDDS measurements at RITU and prospects at HIE-ISOLDE

Corresponding Author: tuomas.grahn@jyu.fi

22

Possible use of a recoil separator in conjunction with HELIOS at HIE-ISOLDE

Corresponding Author: kay@phy.anl.gov

23

In beam spectroscopy at HIE-ISOLDE

Corresponding Author: janne.pakarinen@cern.ch

24

Simulations for a future spectrometer at HIE-ISOLDE

Corresponding Author: gry.tveten@cern.ch

25

Summary
