10th International Workshop on Multiple Partonic Interactions at the LHC

Monday, 10 December 2018

WG2 (15:00 - 16:40)

time	[id] title	presenter
15:00	[69] New developments in EPOS	WERNER, Klaus
15:20	[22] LHC tune for hard processes	GUNNELLINI, Paolo
15:40	[50] Rivet for Heavy Ions	BIERLICH, Christian
16:00	[54] Monte Carlo event generator for double parton interactions in proton nucleus collisions	STRIKMAN, Mark
16:20	[64] Space-time model for colour reconection.	MYSKA, Miroslav

Thursday, 13 December 2018

WG2 (15:40 - 16:40)

time	[id] title	presenter
15:40	[51] Probing colour reconnection using boosted hadronically decaying top quarks	KAR, Deepak
16:00	[21] Teaching PROFESSOR New Math	SCHULZ, Holger
16:20	[15] MC Modelling and Tuning in CMS	CHAHAL, Gurpreet Singh

Friday, 14 December 2018

WG2: WG2: Conclusion and Summary (10:10 - 10:40)

time	[id] title	presenter
10:10	[84] WG2 (MC Generators and Tuning) - Summary	BUCKLEY, Andy
10:20	[85] Discussion
