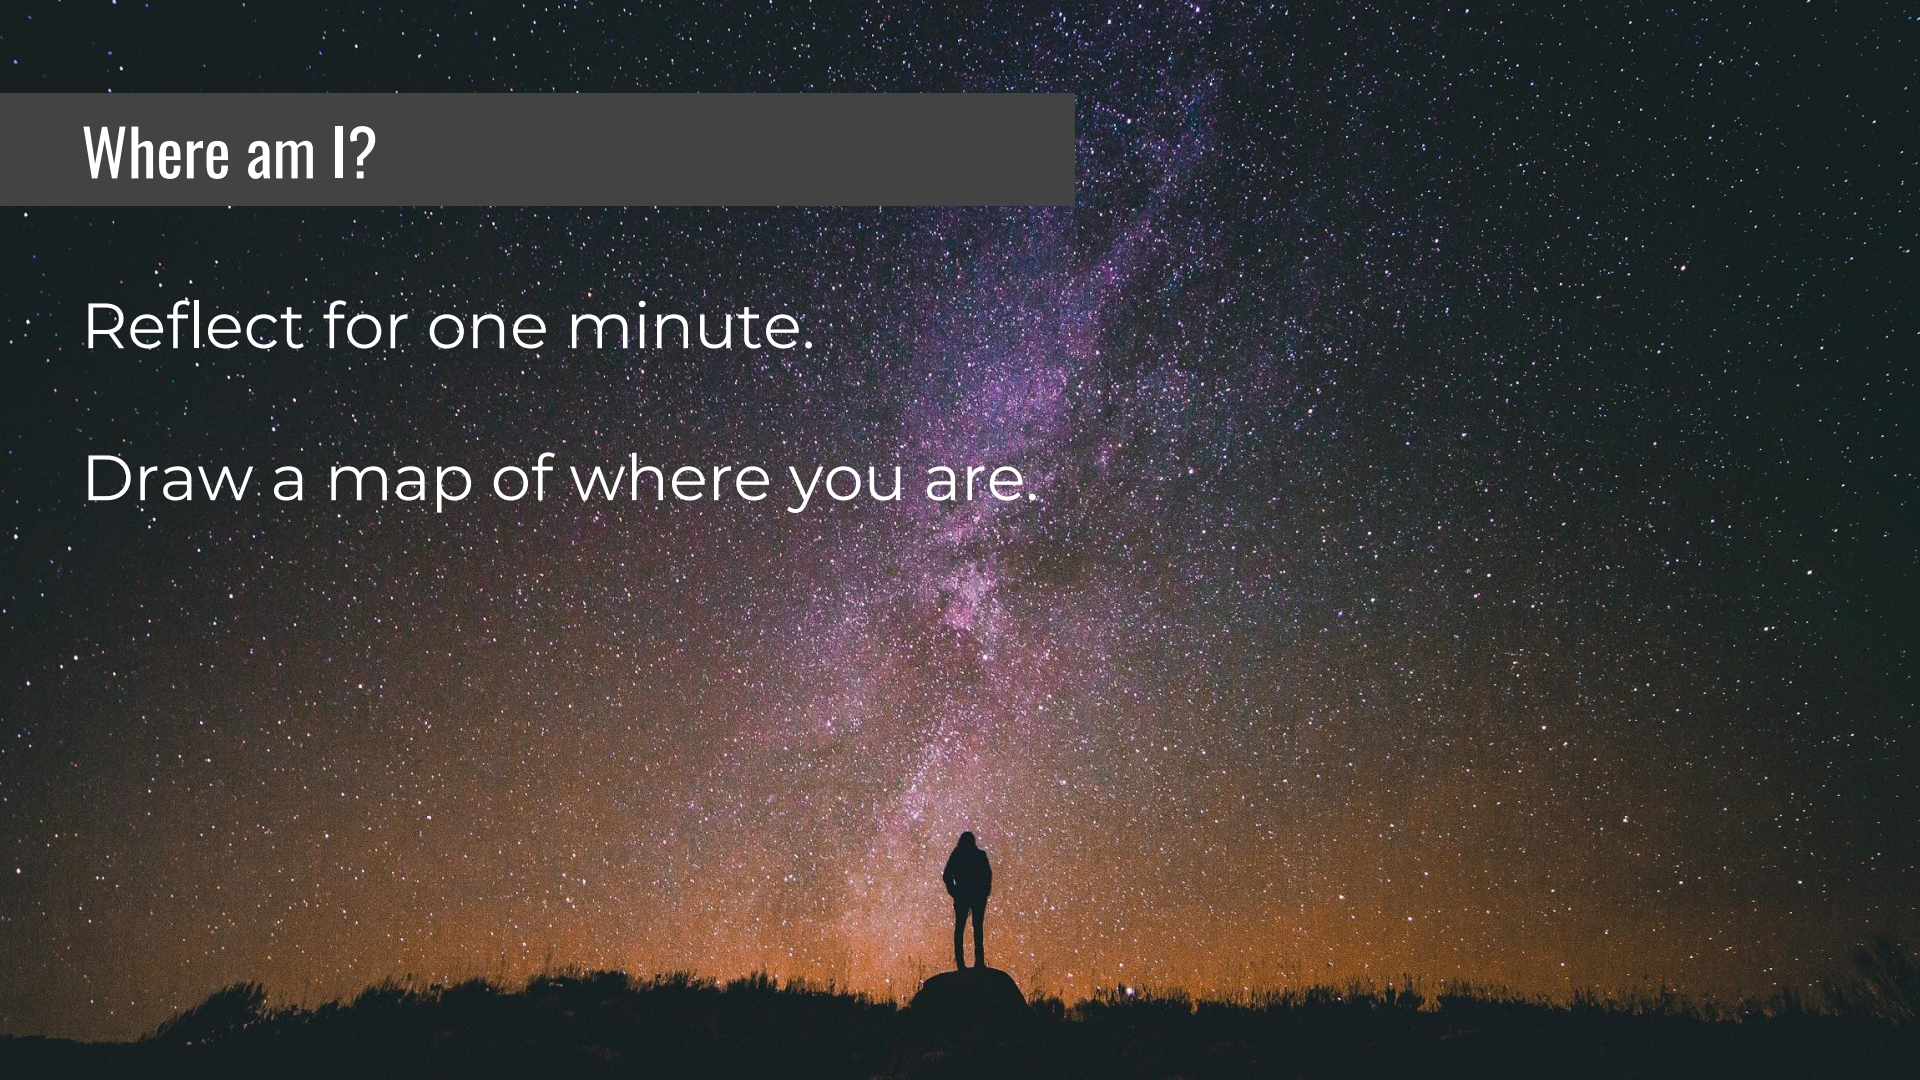
CBI ER @IdeaSquare

Week 1

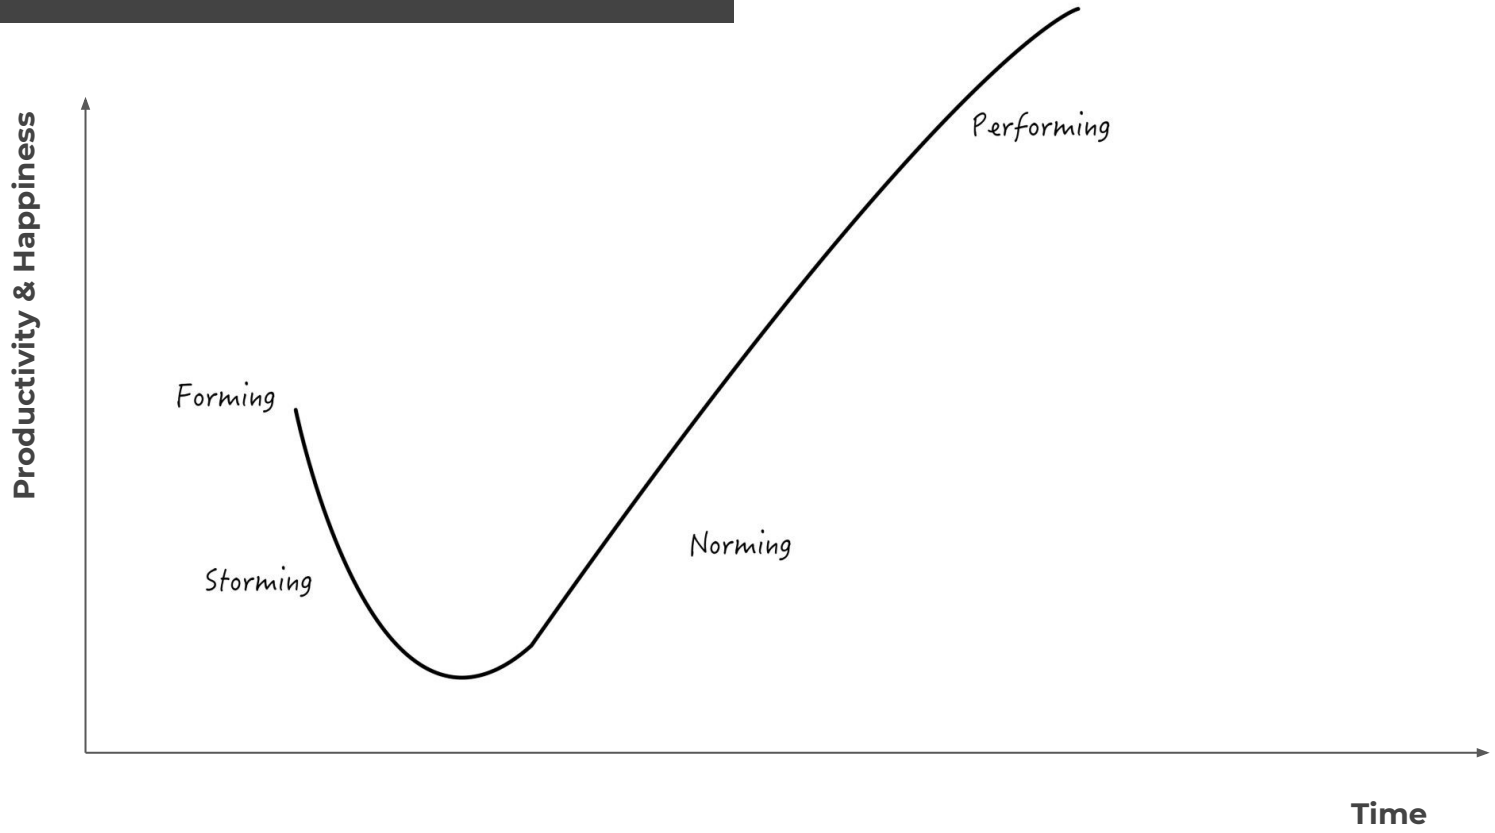
Where am I?

Reflect for one minute.

Draw a map of where you are.



Where are we as a team?



Where is our project?

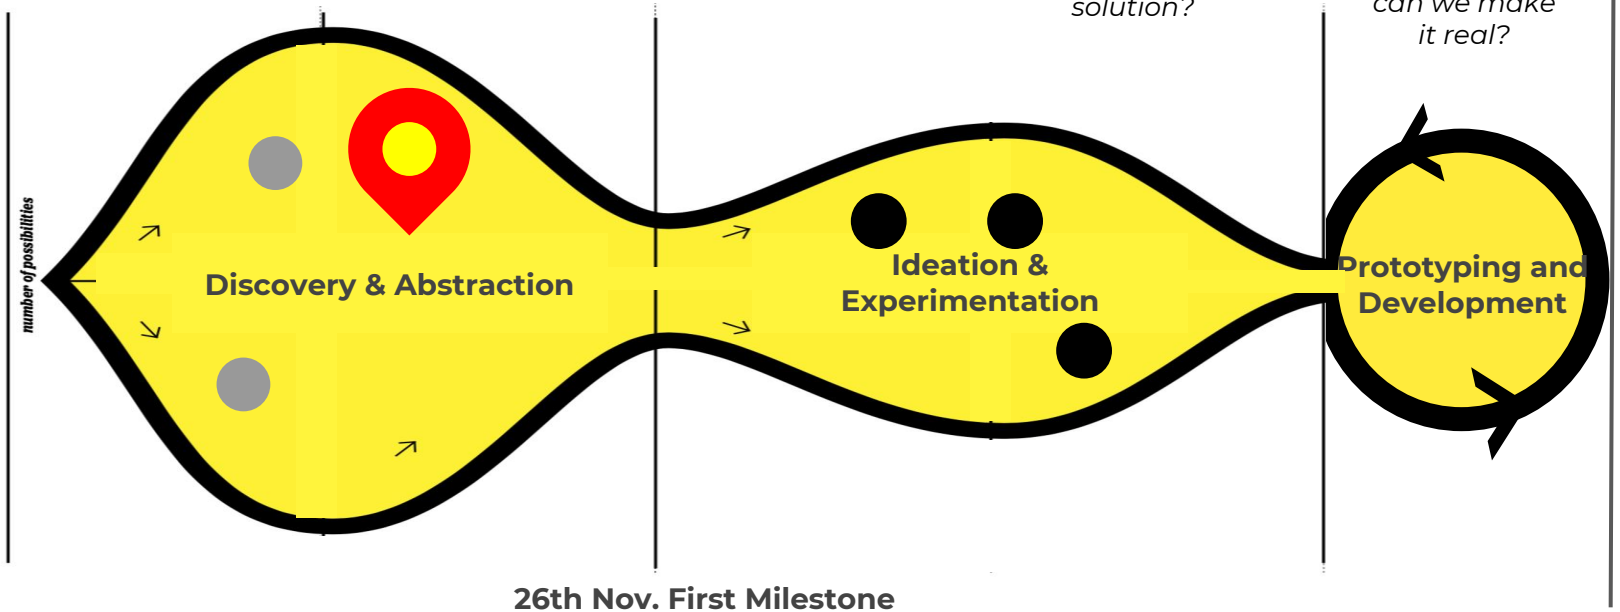
What is our challenge?
How do we approach it?

We discovered some problems and needs. How do we turn them into opportunities?

We have many ideas.
How do we test them?

We have some concepts.
What is the best solution?

We have a solution. How can we make it real?



26th Nov. First Milestone
insights and opportunities

What are we doing?

Warm ups
Talks
Workshops
Presentations
Interviews for ideation and co-design
Teamwork and coaching on-demand
Unstructured Interviews (conversations with curiosity)
Community Building activities

Goals:

- Get to know Cern culture and science,
- Understand with Harri and Pablo who can help you at Cern,
- Identify your most promising problems,
- Learn about possible technology solutions,
- Find some contacts to help you while at home,
- Build a strong team spirit

What’s next?

- **During this week:** Contact users and your company and set next week appointments for interviews and tests.

- **Monday 19th Nov:** Teamwork and coaching on-demand

- **Friday 23 Nov:** Presentation rehearsal 9:00-13:00

- **Monday 26th Nov:** First Milestone with your company stakeholders.
