wLCG MB meeting

03 april 2007

The Questionnaire

- ◆ Mapping of VOMS credentials to scheduler credentials
- ◆ Assignment of scheduler share to these credentials
 - What is the production share for ATLAS?
- ◆ Attempt to publish to information system

Additionally checked if info was correctly published

The Results

	VOMS roles	scheduler shares	info sys	published	prod share ATLAS
TRIUMF	yes	yes	no	n/a	80%
CC-IN2P3	yes	equiv	yes	no [c]	equiv 80%
FZK				no

Other sites publishing VOMS information to IS:					
	IFIC (spain)				
	Padova				
	RWTH (Aachen/DE)				
	CESNET (CZ)				
[a] VOViewLocalID incorrect format					
[b] FQANs there for CE blocks but no VOViews; info system generally a mess					
[c] Role=production simply added to existing VO:atlas VOView					

Other

- ◆ Progress on LSF, Condor plugins
- ◆ Info provider now deployed "officially" on PPS
