

# TIARA WP5: Accelerator science in Norway

CERN 23rd February

Ole Petter Nordahl  
Industrial relations, Norway  
CERN, ESRF, ESS

# Accelerator science in Norway

- History lesson
  - Norway had two of the pioneers in accelerator science:
    - Odd Dahl
      - Leader first CERN accelerator , Syncro Cyclotron
    - Kjell Johnsen
      - Central engineer CERN, PS

Unfortunately Norway has lost a lot of the research momentum within this field

# Accelerator science in Norway

- Number of students
  - 5 doctoral students spending most of their time at CERN
  - 1 post-doc (SLAC)
- Courses
  - No dedicated courses in accelerator science.
  - Accelerator science is part of particle physics course at University of Oslo and University of Bergen

# Accelerator science in Norway

- Related activities
  - Research cyclotron, University of Oslo
  - 3 Engineers maintain and develop machine
