

RICAP'07 - Roma International Conference on Astroparticle Physics

Thursday, 21 June 2007

Plenary Session: Antimatter detection in space - Aula Magna Rettorato (17:20 - 18:40)

time	[id] title	presenter
17:20	[59] In-Flight performances of the PAMELA satellite experiment	PAPINI, Paolo
17:45	[18] The AMS experiment on the ISS: a particle physics experiment in space	BATTISTON, Roberto
18:10	[24] Indirect detection of dark matter candidates in gamma-rays	BERGSTRÖM, Lars
