

APPS 2011

Amsterdam Particle Physics Symposium

Theory and Experiment in the LHC Era

Wed 30 Nov 2011 – Fri 2 Dec 2011

Organizing Committee

W. Beenakker
S. Bentvelsen
D. Boer
R. Fleischer
J.W. van Holten
E. Laenen
P. Mulders
M. Postma

information & registration

www.nikhef.nl/apps

Topics

LHC Results
Top Physics
Higgs Physics
Precision Calculations
Discrete Symmetries
Beyond Standard Model
Cosmology

Welcome

- * Why are we here? A combination of
 - * National FOM programme “Theoretical Particle Physics in the Era of the LHC”
 - * NWO grant Stan Bentvelsen “Beyond the Top”
 - * Programme: broad, mix of theory, LHC experiment (ATLAS/CMS/LHCb), and astroparticle physics, senior and junior speakers
 - * Informal character, for fruitful interactions

Organizational remarks

- * WLAN: works without password
- * Lunches and coffee breaks will be served downstairs in the foyer
- * Speakers: please hand in your talks (**PDF preferred!**) not later than the break before the talk
 - * or send it to apps@nikhef.nl
 - * please stay within allocated time

- ✱ Welcome reception this evening in foyer at 18.00
- ✱ Conference dinner tomorrow around 18.15 at restaurant van Puffelen, see map in folder (easy walking distance)

WE HOPE YOU WILL ENJOY THE MEETING
