# Status today

- Reports have been delivered
  - <https://espace.cern.ch/WLCG-document-repository/Boards/MB> under “Technical Evolution Strategy” folder
    - Now should be open to all
- Apologies that this has been delayed by my non-availability
- Goal now is to have initial summary for WLCG workshop at CHEP
  - And discussion ...

# Next steps

- At CHEP:
  - Summary of important recommendations – and initial proposal of priorities
  - Summary of areas where open questions have not been (fully) addressed
  - Summary of areas where more work needs to happen, or discussions need to finish
  - Initial proposal of working groups that WLCG should set up (for GDB and pre-GDB slots)
  - Proposal for those general topics that could be dealt with at HEPiX (for example)
