

# INTERNATIONAL MASTERCLASSES HANDS ON PARTICLE PHYSICS

Uta Bilow, TU Dresden 04.11.2011

hands on particle physics

# ESOF 2012

- Dublin: City of Science 2012
- will host Euroscience Open Forum: 11 – 15 July, 2012
- science meeting to discuss new discoveries and debate the direction that research is taking
- held every two years
- scientists, researchers, industry, policy makers, science communicators and the general public

# Scientific Program

- Our Proposal: Curious minds inspired – best practice in sharing the research process with the public
- Speakers:
  - Tom Jordan, QuarkNet
  - Michael Kobel, IPPOG
  - Rolf Landua, CERN
  - Becky Parker, CERN@school
- 90 min session
- Proposal on shortlist (1.9.2011)
- Program will be unveiled in Nov

# Public Engagement Program

- Jan – Dec 2012
- Proposal: International Masterclasses in Ireland
- Ronan McNulty, University College Dublin
  - + National University of Maynooth,
  - + Trinity College Dublin
  - + National University of Galway
  - + The Science Gallery (a small science museum)
- 400 students (100 at each site)
