

# Prospects For Charged Higgs Discovery At Colliders (CHARGED 2012)

## Wednesday, 10 October 2012

Invited review talks on theory - Gustavianum (09:00 - 11:50)

time	[id] title	presenter
09:00	[13] Review of prospects for H <sup>±</sup> in SUSY models in view of ATLAS and CMS results	STÅL, Oscar
09:35	[14] Review of prospects for H <sup>±</sup> in non-SUSY multi Higgs models in view of ATLAS and CMS results	SHER, Marc
10:10	Coffee	
10:40	[15] Review of prospects for H <sup>±</sup> in SUSY models in view of flavour and dark matter results	Dr MAHMOUDI, Farvah Nazila
11:15	[16] Review of status of theory predictions for H <sup>±</sup> cross-sections and branching ratios	HEINEMEYER, Sven
