Publications for Review

Publications to be review by the Technical Project Board and Publication Review Committee

Publications for review

Participants in the ULICE project are expected to regularly publish the scientific results obtained by individual institutions a through collaborations, in appropriate scientific journals and conference proceedings. These publications will also be publis the ULICE website. All articles to be explicitly published on behalf of the ULICE project will go through the following rev process. When the author uploads the paper on this website portal, the Project Coordinator, Pillar Coordinators, WP leaders [Publication Review Committee](#) are e-mailed with the paper in attachment. The Publication Review Committee has 2 weeks to reply. If the committee doesn't reply in 2 weeks, the paper is accepted and can be published with the ULICE acknowledgement. If the committee members decide to evaluate the work but more time is needed, the deadline will be exten requested and deemed necessary.

Click on "New" and complete the form. Remember to attach your document.
