

***1st announcement of the
TSR@ISOLDE Workshop (29. – 30. October 2012)
to be held at CERN, Geneva***

Dear colleagues,

We would like to announce the next TSR@ISOLDE Workshop, which will take place from 29.10.12 9:00 until 30.10.12 12:30 at CERN, Geneva.

This workshop is organized by the TSR@ISOLDE Collaboration. The installation of [TSR](#), as an experiment to be included in the HIE-ISOLDE programme, was recently approved by [CERN](#)'s Research Board. Such a facility will provide a capability for experiments with stored secondary beams that is unique in the world. The possible physics programme has already been laid out in a recent review: [M. Grieser et al., Eur. Phys. J. Special Topics 207, 1-117 \(2012\)](#). The aim of the workshop will be to sharpen the physics cases and to discuss the integration into the HIE-ISOLDE project.

Call for Contributions

The scope of this workshop will be:

- Physics programme with the TSR
- Instrumentation
- Characteristics of TSR beams
- General infrastructure and installation requirements

The programme will mostly consist of overview talks and contributions. We call for oral presentations whose abstracts should be submitted until 15.09.2012 via [INDICO](#). One session will be dedicated to work on the committee structure for the project such as collaboration board and working groups. Registration is now open: <https://indico.cern.ch/conferenceDisplay.py?ovw=True&confId=200117> .

Workshop Venue

The workshop will be held in the room *Salle Dirac*, bldg. 40-S2-D01 (ATLAS building) at CERN, 1211 Geneva 23, Switzerland (<http://www.cern.ch>).

Important Dates

Deadline for abstract submission: 15.09.2012

Deadline for registration: 30.09.2012

Conference Fees

No fees

Accommodation

Please book your room upon registering via [INDICO](#), there are 40 rooms reserved in the CERN hostel. Once this quota is exhausted, try to book your room via the CERN hostel directly: <http://www.cern.ch/hostel> or cern.hostel@cern.ch. If there should be no more rooms available at CERN, the CERN hostel reception offers a list of hotels with special prices. In the case that you should need assistance, please contact Jenny Weterings:

Jennifer.Weterings@cern.ch.

Travel Information

How to get to CERN you may see:

<http://user.web.cern.ch/user/Institute/Integration/GetToCERN/GetToCERN.html>

Organising and Programme Committee

Klaus Blaum, MPIK Heidelberg
Yorick Blumenfeld, IPN Orsay
Maria Jose Garcia Borge, CERN
Peter Butler, University of Liverpool
Manfred Grieser, MPIK Heidelberg
Susanne Kreim, CERN
Yuri Litvinov, GSI Darmstadt
Riccardo Raabe, KU Leuven
Fredrik Wenander, CERN
Phil Woods, University of Edinburgh
