

# LISHEP 2013 Conference Page

**Sunday, 17 March 2013 - Sunday, 24 March 2013**

**Brazil - Rio de Janeiro**

## **Scientific Programme**

The Scientific Program is being defined by the International Advisory Committee and will be available soon at the Conference Website.

The main topics are:

**- Electroweak**

**- Higgs**

**- Forward Physics and QCD**

**- Rare decays and new particles**

**- Flavour physics - New Physics**

**- Beyond Standard Model**

**- Upgrade of the experiment of the LHC**

**- Advance instrumentation and computing for HEP**
