## BG2 - Open Annotations (Room 1150)

*Thursday, 20 June 2013 16:15 (1h 45m)*

This breakout would focus on the use of annotation to help transform scholarly communications. Ideas include:

- Annotation as a form of peer review overlay mechanism
- Annotation of data to support eg discovery
- Annotation activity as an altmetric

**Presenters:** Mr VAN DE SOMPEL, Herbert (Los Alamos National Laboratory); Mr CICCARESE, Paolo (Harvard); Mr SANDERSON, Robert (Los Alamos National Laboratory)

**Session Classification:** Breakout Groups
