

Eppog meeting in Prague

Effort to make it !

Program MasterClasses

Master Classes in France in 2009 :

After many years of hesitation due to French system

Of education

Scale of region, country,

Funding and Motivation

Key point : Teachers
Students and under 18
Scientists to give courses and to help
Organisation to support and coordinate
Technical support :
Conference Room, Computers , Video

So logically in a laboratory or in a very high level classroom

Benefit of teachers formation at CERN
Result of a contract between IN2P3 and « Sciences at
School » to extend ...Astroparticles.

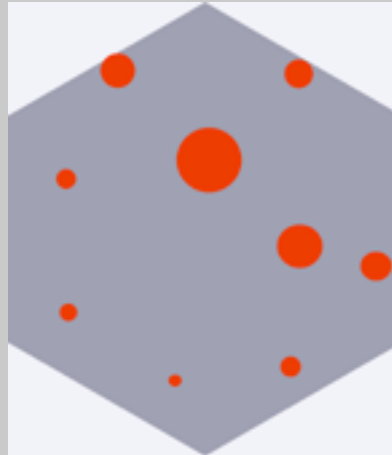

40 teachers 14/04 to 27/04

And Didier Lacour (LPNHE) with whom
I was in Mons (Belgium) this year
So now we have in principal everything to start

Normandie
