Past Attempts

Work began in 2005, but was abandoned because of numerous enhancements to the SPMS. Could now be resumed, but in which form?

The 2005 scheme, whereby one person is responsible, liaising with "experts" to draft the texts

- [JACoW Site/For JACoW Team/SPMS/Documentation](#)

or a scheme, proposed by Ivan in 2007, where individuals throw in texts at random

- ["Wiki"](#)
