FINAL ANNOUNCEMENT

Dear Colleague,

This is the Final Announcement with practical information on the XI WPCF conference, to be held at Warsaw University of Technology, Warsaw, Poland, from 3rd to 7th November. Details can also be found on the conference website: <http://wpcf2015.fizyka.pw.edu.pl>

AGENDA

The scientific program of the conference can be found on the conference home page (item timetable): <http://indico.cern.ch/event/387606/timetable/#20151103.detailed>

For speakers: please check the day and time of your presentation and if you have any comments please let us know as soon as possible. There have been some recent changes to the program.

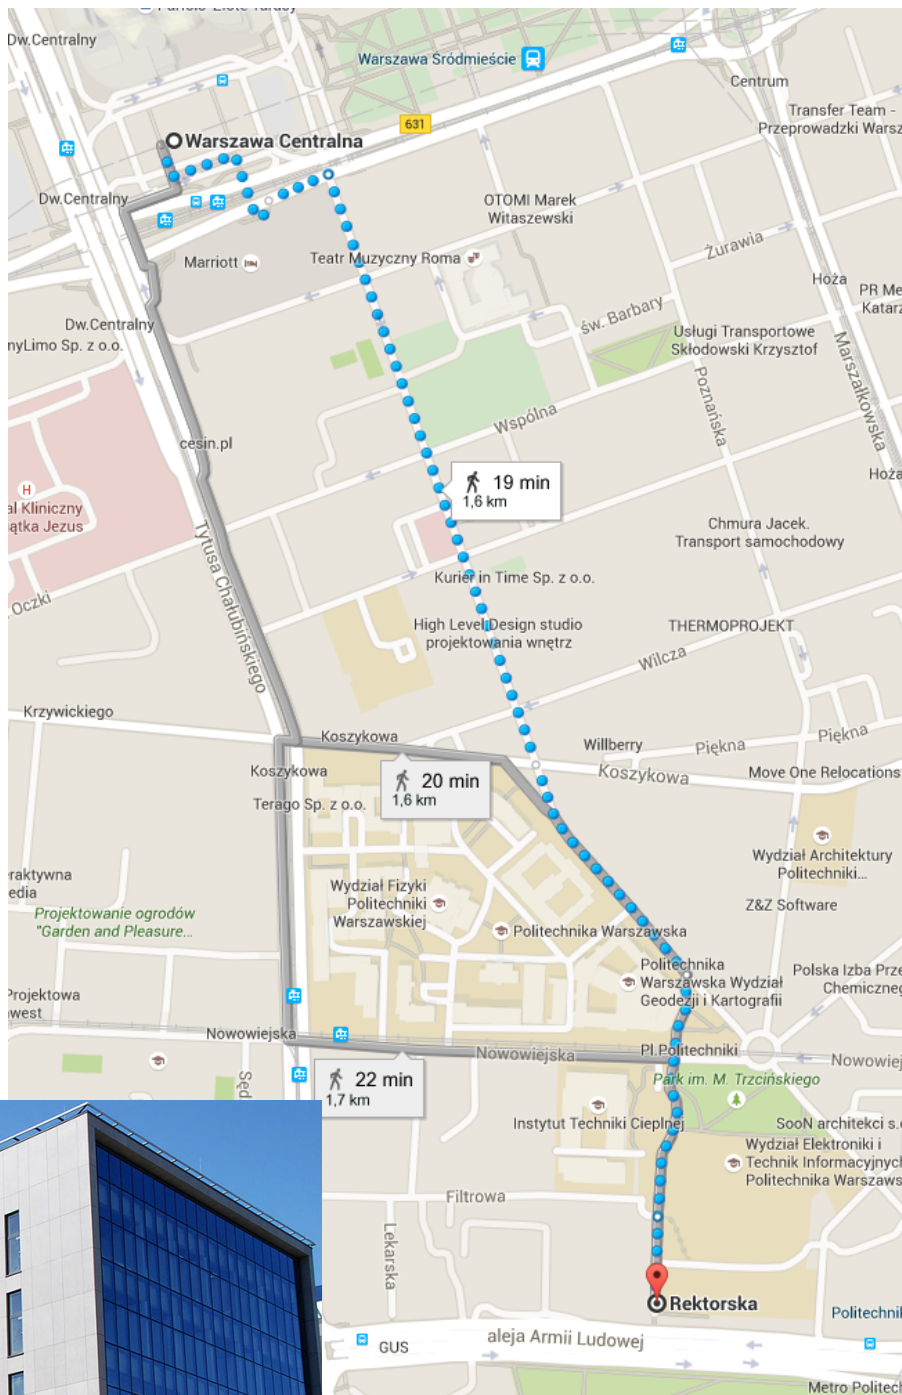

In the conference room there will be a computer (Windows) connected to a projector with standard software installed. We recommend using PDF format for the presentation. If You prefer another format, we would like to ask You to provide a PDF version of your talk as well. You can use your own laptop upon request if you are available for a test before the session starts. Please upload your presentation in the Indico timetable at least one day before your talk (if you are not able to upload the presentation please send it to the organizers: wpcf2015@if.pw.edu.pl).

EXCURSION

Excursion will take place in the morning (9:00 - 12:00) of Nov. 5th (Thursday). Participation in the excursion has to be confirmed during the registration.

a. Old Town, Royal Castle and Maria Skłodowska-Curie Museum

Excursion starts at the *Maria Skłodowska-Curie Museum* (ul. Freta 5, Warszawa), museum devoted to the life and work of Polish born two-time Nobel laureate, located just opposite the place of her birth. The excursion continues with the walk along the *New and Old Town*, the oldest part of capital city and ends in the *Royal Castle*, a castle residency that formerly served throughout the centuries as the official residence of the Polish monarchs.

b. Copernicus Science Centre (PL: Centrum Nauki Kopernik)

Copernicus Science Centre (ul. Wybrzeże Kościuszkowskie 20, Warszawa) is a high-tech science museum on the bank of the Vistula River. It contains over 450 interactive exhibits that enable visitors to carry out experiments and discover the laws of science for themselves. The Centre is the largest institution of its type in Poland and one of the most advanced in Europe. You will be able to explore the centre freely (centre does not provide guides for organized groups). Website: <http://www.kopernik.org.pl/en/>

TRANSPORTATION

Public transportation in Warsaw is very good and is actually the best way to move around the city. The same tickets are valid for all buses, trams, metro lines and trains within the city limits. Tickets should be bought in advance in the ticket machine or kiosk, sometimes also from the bus driver, and should be validated inside the vehicle (or at the gates in case of metro), upon entering.

CAR PARKING

There will be a possibility to use an underground parking of the conference venue. The use of parking is free of charge.

If you wish to park your car there please provide (until Friday Oct. 30th) the following information: vehicle make and model, color, license plate number (including country code), exact days of the conference for which you request the parking place.

Please note that parking will only be possible during the actual time of the conference during the day (cars cannot be left there overnight).

NICA DAYS 2015

WPCF 2015 is associated with NICA days 2015 workshop (<http://indico.cern.ch/e/nica2015>), which will be held at the same time in the same building. Both conferences share scientific sessions on the first day (Tue. Nov. 3rd) and one session on Fri. Nov. 6th, social events and excursions. The registration in one of the two conferences allows you to participate in the sessions of the other one as well.
