

DPF 2009**Thursday, 30 July 2009****Electroweak Physics II (14:00 - 17:50)**

time	[id] title	presenter
14:00	[213] High Statistics Measurement of Di-boson Production with the D0 Detector	STRANG, Mike
14:20	[212] Measurements of the Trilinear Gauge Boson Couplings from Diboson Production at D0	SEKARIC, Jadranka
14:40	[310] Search for diboson production in final states with one lepton, missing transverse energy, and jets at CDF	HURWITZ, Martina
15:00	[350] First Observation of Diboson Production in Hadronic Final State at Tevatron	PURSLEY, Jennifer
15:20	[435] Diboson physics at Tevatron	IASHVILI, Ia
