

**38th INTERNATIONAL CONFERENCE
ON HIGH ENERGY PHYSICS**

AUGUST 3 - 10, 2016
CHICAGO

Contribution ID: 1403

Type: **Oral Presentation**

Relating the top quark \overline{MS} and on-shell masses ($15' + 5'$)

Saturday, 6 August 2016 17:15 (20 minutes)

I will present recent results for the relation between the \overline{MS} mass and the on-shell and related threshold masses based on our recent calculation of the four \overline{MS} -on-shell relation.
