

NAME	Nadezda Chernyavskaya
DATE OF BIRTH	2 June 1994
NATIONALITY	Russian
ACADEMIC EDUCATION	September 2011 - June 2015 Moscow Institute of Physics and Technology, MIPT, Moscow Department of General and Applied Physics. together with Institute for Theoretical and Experimental Physics, ITEP, Moscow B.A. in Applied Mathematics and Physics with honours September 2015 - June 2017 ETH Zurich together with Ecole Polytechnique Paris Joint Master programme in High Energy Physics
CERN	PH department, CMS group
RESEARCH AT CERN	Search for the standard model Higgs boson produced in vector boson fusion and decaying to bottom quarks with the CMS detector at 13 TeV.
GOALS AFTER CERN	Proceed with M.Sc. in High Energy Physics in the ETH Zurich working in the CMS group on the search for the standard model Higgs boson decaying to bottom quarks.
