7 May, 2009

2009 JACoW Steering Committee

The last EPAC in the series took place fittingly in Genoa, 20 years after the first which took place in Rome.

EPAC evolves now into a 3-year cycle. IPAC'11 will take place in Spain, after IPAC'10 in Kyoto and preceding IPAC'12 in New Orleans.

The poster was selected following a competition between 3 Italian institutes participating in the organization of the conference

EPAC

EPS-IGA

Some figures

- 1200 registered participants (including exhibitors and staff)
- 87 oral presentations
 - 54 invited
 - 33 contributed
- 1200 poster presentations
- 90 industrial exhibitors
- 63 supported students
- A hell of a lot of local organization too ... not covered in this JACoW SC Report

EPAC

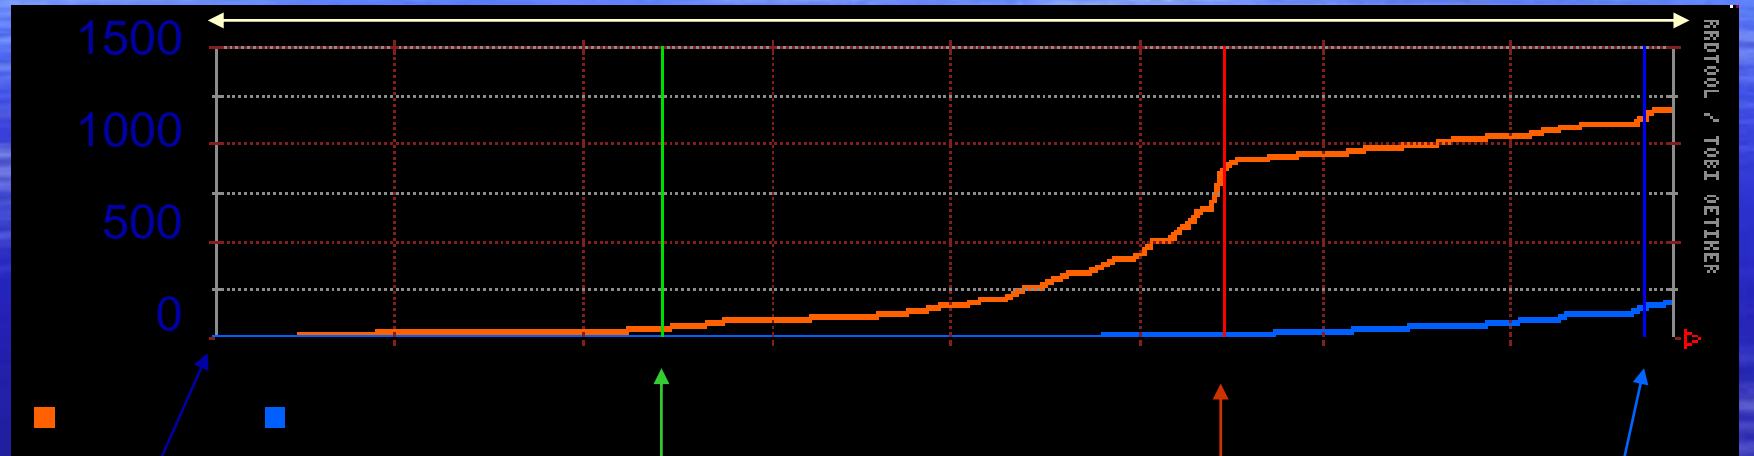

EPS-IGA

Registration

8 months

1° November

Registration opening
January

Early registration
Deadline - April

Conference

**996 delegates,
152 exhibitors' representatives and assistants,
from 38 countries**

EPAC

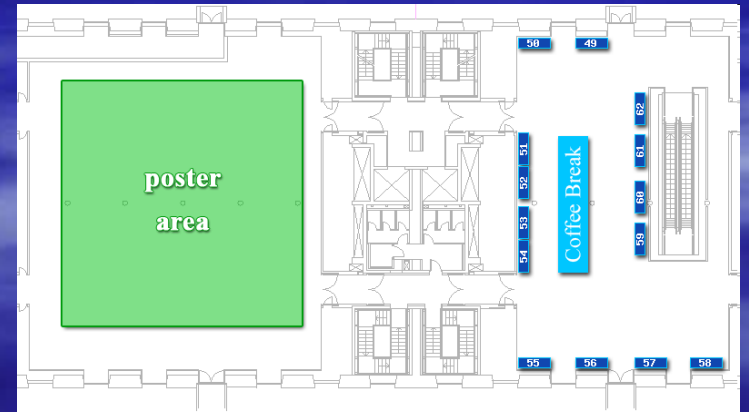

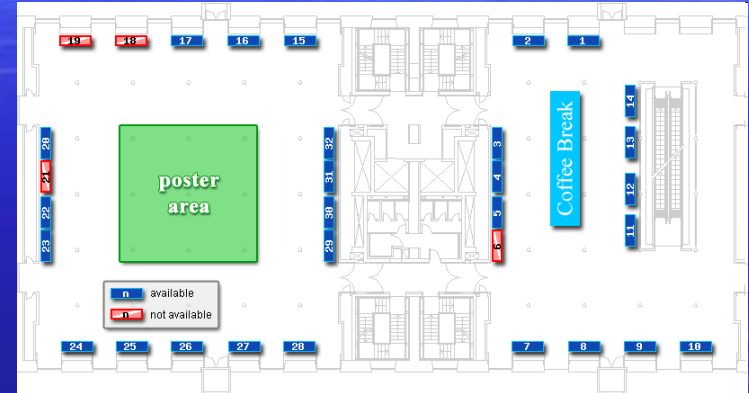

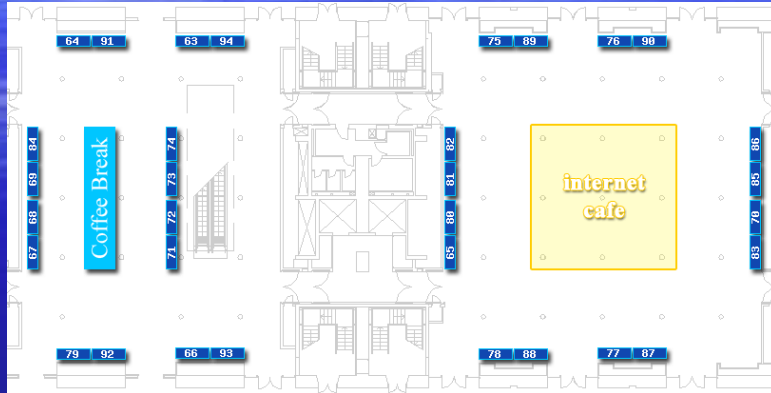

EPS-IGA

Industrial exhibition - 90 booths

Layout on line from the very beginning

EPAC

EPS-IGA

EPAC'08

SciProg/Proceedings

- Fully SPMS Conference (Programme, Registration (delegate/exhibition - new modules))
- 26 Total Proceedings Office Staff (not all paid from conference budget, incl. part-time, students, etc.)
 - Editors (incl. transparencies): 18 (10 pre-conf)
 - IT (Database, plus Computers, etc.): 3
 - Paper Reception: 5
- 99 (wo)man processing days
- 150 Per diems: ~ 26kEuros
- Plus computer rental, catering, invitations to social events, etc.

EPAC

EPS-IGA

Processing

- >1600 contributions at abstract submission
 - 54 invited oral
 - 33 contributed orals
 - Remainder scheduled as posters (significant withdrawal (20%) right up to the conference)
- *>1100 contributions published on-line "pre-press" 11 a.m. of morning of last day of conference*
- *1218 papers and 90 sets of transparencies published on JACoW 3 weeks later ...*
- No CD/USB to participants - but downloadable set at conference site to USB wristband

EPAC

EPS-IGA

How did we manage such rapid publication?

- Minute preparation
- IT, IT, IT
- JACoW Teamwork
- Details in Notes of 2008 Team Meeting on JACoW

.....

EPAC

EPS-IGA

IPAC'11

- Second IPAC following IPAC'10 in Kyoto
- San Sebastian, Spain, September 2011
- Will be a fully JACoW/SPMS event organized
 - along the "traditional" EPAC model concerning scientific programme, two sessions in parallel and totally de-coupled poster sessions, but, important difference ...
 - Organizing and Scientific Programme Committees 50% from Europe and 50% from the rest of the world
 - International JACoW Team on Proceedings (Editorial Board: LOC and SPC Chairs, Scientific Secretariat, "local" IT, Volker on scripting)
- We aim to do as well as in 2008
