

## ILC TPC R&D studies at DESY/U. Hamburg

*Monday, 13 March 2006 11:00 (25 minutes)*

I will have a review of our DESY/U.Hamburg team's recent ILC TPC R&D activities. In particular, I will report the results of 2 track separability test using UV laser. I will also summarize our future plan including EUDET related issue concerning the large prototype field cage construction and preparation for test beam.

**Primary author:** IKEMATSU, Katsumasa (DESY)

**Presenter:** IKEMATSU, Katsumasa (DESY)

**Session Classification:** Tracking and Vertexing

**Track Classification:** Tracking and Vertexing
