

FEL09 LIVERPOOL

23-28 August 2009

Sue Waller

Referencing Module

Key Issues

- **FEL09 is an annual refereed conference**
- **Success of process depends on efficiency of the referees**
- **Problems with upload of papers occurred at FEL08 – reported at last JACOW Team Meeting**

Solution

- **V8.0 of SPMS was installed a few weeks before FEL09**
- **Problems were encountered during the conference but fixed immediately by Matt Arena**

Further Improvement

- Referee processes paper and email is sent to author

Can the automatic process continue after author has uploaded new files?
