

SPEAKER: **Stephen Hawking (University of Cambridge)**
TITLE: **The Creation of the Universe**
DATE: Wed 09/09/2009 15:30
PLACE: Main Auditorium **

ABSTRACT

Gravity and quantum theory cause the Universe to be spontaneously created out of nothing. Most of these universes are quite unlike our own but we select out a subset that are compatible with what we observe.

Please note that Professor Hawking's talk will be broadcasted in the following rooms :

TH auditorium (4-3-006)
TE auditorium (30-7-018)
40-S2-A01
40-S2-C01
BE Meyrin (6-2-024)
BE Prévessin (864-1-D02)
