

TV screen with live broadcast from each control room

- Use the system which will be put in place for LHC First Physics Media Event (7 TeV collisions)
- Communicated with Jacques Fichet, Thomas Baron and Paola Catapano
- Webcast? Public Screens (approval by Antonella)
- Technically possible
- Need to rent equipment
- Number of questions : what do we want to show? To whom? For how long ?
 - Static camera - show CR full of women (in the best case) - is it interesting ?
 - Interviews, presentations (Paola?) - opportunity to air women issues - need investment
- Alternatively / in addition : make film on women's day (episode in LHC news series)
- Paola will propose to the Editorial Board Meeting
