

YEARS/ANS **CERN**

ECFA Meeting CERN • November 21st, 2013

CERN's 60th Anniversary

Sascha Schmeling, CERN
General Coordinator

- 60 years of Science for Peace
- Scientific Discoveries and the way ahead
- International Cooperation –
Science as a motor for international dialogue
- 60 years of progress in Science and Technology
- Science Education and Training –
Modern Science for Everyone

Key Messages

- *July 1st*
 - Celebration of the Anniversary of the Signature of the Convention at UNESCO in Paris
- September 19th
 - Celebration of the Anniversary of the First Council Session at CERN
- September 29th
 - Celebration of the CERN Anniversary with highest level representatives from the MS, AMS, OBS, ... at CERN
- *November*
 - *Meeting „Science for Peace“*

Central Celebration Events

- CERN invites its Member States to celebrate the Anniversary in their countries
- CERN offers to help with a central coordination team and with communications and exhibitions
- A coordination in the Member States
 - Of course the invitation to celebrate CERN's 60th Anniversary includes
 - Observer States
 - Associate Member States
 - Non-Member States
- Each Member State is nominated at least one national contact by law

Member State Celebrations

A series of exhibitions is planned.

CERN Accelerator School

CERN Accelerator School

ICHEP 2014 with CERN Travelling Exhibition

Two confirmed exhibitions, at Athens and Thessaloniki

European School of High Energy Physics

CERN Travelling Exhibition

CERN School of Computing

Asia-Europe-Pacific School of High Energy Physics

CERN-related Events Abroad

- Events at Geneva

- Several Inaugurations

- Beamline for Schools
 - S'Cool Lab
 - Synchrocyclotron Exhibition

- Neighborhood Events

- Colloquia

- CERN-related Films Screenings in Cinemas

- **TEDx**

x = independently organized TED event

- Events elsewhere

- Educational Events

- Arts Events

- Activities

- CERN Historical Film

- Publications

- Stamps

- Coins

Other Celebration Events and Activities

- The proposed events have been presented to the CERN Council in September or have arisen from the discussion there.
- Please note that only half of the „central events“ are confirmed by now.
- The further decisions on the remaining two as well as the available support for all other events depend on budget availability and will be taken in due course.
- Events outside CERN and the Central Events need to be financed where they happen. Only limited support can be given from CERN, mainly in terms of communications support.

„Disclaimer“

CERN-related Events	25 y	The World Wide Web
	30 y	Nobel Prize for Rubbia and Van der Meer
	50 y	ESRO – European Space Research Organisation ICTP – The Abdus Salam International Centre for Theoretical Physics
Other Anniversaries for Information	40 y	J/ψ Discovery
	50 y	Initial publications on spontaneous symmetry breaking Initial publications about quarks by Gell-Mann and Zweig
	135 y	Albert Einstein
	200 y	The Canton of Geneva in the Swiss Confederation The Swiss Academy of Sciences
	450 y	Galileo Galilei

Relevant Anniversaries in 2014/15

- Just Being Done
 - Invitations to Heads-of-State
 - Country Contacts query for planned events
 - Presentation to ECFA (November 21st)
- Near Future
 - Timeline of Celebration Events
 - Final Presentation to CERN Council (December 12th)
- 2014
 - The Celebrations start
