

S'Cool
LAB

S'Cool LAB Summer CAMP

The S'Cool LAB Summer CAMP is an opportunity for 22 high-school students (aged 16-19) from all around the world to spend 2 weeks exploring the fascinating world of particle physics.

Spend your summer at S'Cool LAB, CERN's hands-on particle physics learning laboratory, for an epic programme of:

- ▶ lectures and tutorials
- ▶ your own team research projects
- ▶ visits of CERN's research installations

CERN, Geneva

the world's largest
particle physics
laboratory

23.7. - 5.8.17

apply until
20.01.2017
