

EuCheMS 8th International Conference on Nuclear and Radiochemistry

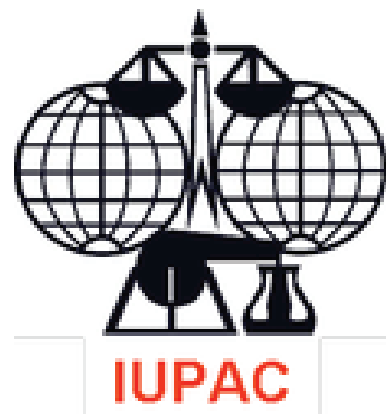

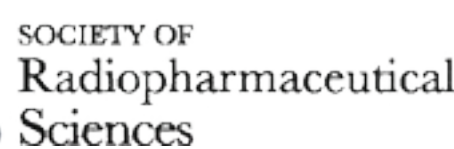

16 - 21 Sept 2012 - Grand Hotel di Como, Como, ITALY

Società Chimica Italiana

Gruppo Interdivisionale
di Radiochimica

Division of Nuclear Chemistry and Technology
American Chemical Society

Highlights of the Conference

Radiopharmaceutical Chemistry
(Radiodiagnostics, Radiotherapy,
Theranostics)

Chemistry of
Radioelements and
Superheavy Element Research

Isotope Effects, Reaction
Mechanisms and Recoils,
Nuclear Based Spectroscopies

Nuclear Fuel Cycle and
Present NPP (including
Gen IV and Th Reactors)

Nuclear Chemistry, Radionuclide
Production, High-Power Targetry

Education in Radiochemistry and
Dissemination of Culture in Nuclear
and Radiochemistry

Radioactive Elements
in the Environment
and Health Physics

Application of Radiotracers
and Nanoparticles

Chairman: **Mauro L. BONARDI**
Università degli Studi
and INFN Milano, Italy

Co-Chairs: **Heinrich H. COENEN**
Forschungszentrum
Juelich GmbH, Germany
Heinz W. GAEGGELER
PSI, Villigen, Switzerland

Scientific Secretary: **Simone MANENTI**
