

Session Program

26 September 2021 to 1 October 2021

Low-x 2021

BFKL, low x , saturation session III

Tuesday 28 September

14:30

BFKL, low x , saturation session III

Session | Location:

14:30–14:50 **On transverse gluon polarization at small x**

Speaker

Cyrille Marquet

14:50–15:10 **Forward dijets in proton-nucleus collisions at next-to-leading order**

Speaker

Yair Mulian

15:10–15:35 **Forward hadronization and the muon puzzle in air showers**

Speaker

Tanguy Pierog

15:35–15:55

Medium induced cascades and transverse momentum dependence of gluon distribution

Speaker

Krzysztof Kutak

15:55–16:15

Phenomenology studies of Mueller-Tang and Mueller-Navelet jets (remote)

Speaker

Cristian Baldenegro Barrera

16:15
