

Session Program

26 September 2021 to 1 October 2021

Low-x 2021

Diffraction and forward physics session IV

Thursday 30 September

17:10

Diffraction and forward physics session IV

Session | Location:

17:10-17:35

The Precision Proton Spectrometer of CMS: performance and prospects

Speaker

Ada Solano

17:35-18:00

Photon induced processes results from CMS

Speaker

Beatriz Ribeiro Lopes

18:00-18:25

Photon-photon fusion measurements at ATLAS

Speaker

Krzysztof Cieřła

18:25-18:45

Hard Diffraction at the LHC - Feasibility Studies and Experimental Aspects

Speaker

Maciej Trzebinski

18:45-19:30

Discussion session: inclusive and exclusive diffraction

Speakers

Leszek Motyka, Mario Deile, Michael Albrow, Valentina Avati

19:30
