

Session Program

26 September 2021 to 1 October 2021

Low-x 2021

Heavy ion session

Thursday 30 September

09:00

Heavy ion session

Session | Location:

09:00–09:25

Collectivity in heavy ion interactions at CMS

Speaker

Georgios Krintiras

09:25–09:50

Light hadron and photon production in pPb collisions at LHCb (remote)

Speakers

Thomas Boettcher, Thomas Julian Boettcher

09:50–10:15

Probing initial state with photons and neutral mesons in ALICE

Speaker

Jens Robert Luhder

10:15–10:40

Top results in heavy ions in CMS

Speaker

Luis Alcerro Alcerro

10:40
