

Miscellaneous:

- * **Testbeam: originally foreseen for 2023 at CERN**
- * **Publications: Design of LS-SBT based on current knowledge + expected performance using photon-transport simulations?**
- * **Cost matrix: needed for CERN-BDF agreement on decay vessel R&D**
- * **Funding: generic detector R&D with goal of a 4-cell prototype detector (decision expected by April 2021;)**
