

Session Program

24 March 2021

NExT Seminar Meeting

Neutrino and $g-2$

Zoom, <https://indico.cern.ch/event/1008624/page/21998-zoom-link>

Wednesday 24 March

13:30

Neutrino and g-2

Session | **Location:** Zoom, <https://indico.cern.ch/event/1008624/page/21998-zoom-link> | **Convener:** Claire Shepherd-Themistocleous

13:30–14:00

Latest neutrino interaction cross section measurements with NOvA

Speaker

Linda Cremonesi

14:00–14:30

Observing Supernova Neutrinos with Hyper-Kamiokande and SNEWS 2.0

Speaker

Jost Migenda

14:30–15:00

Fermion mass hierarchies from vector-like families with an extended 2HDM and a possible explanation for the electron and muon anomalous magnetic moment

Speaker

Huchan Lee

15:00
