Session Program

**31 May 2021 to 3 June 2021**

Jets and their substructure from LHC data

Machine Learning for jets

CERN, On-line only

Thursday 3 June

13:30

Machine Learning for jets
Session | **Location:** CERN, On-line only

13:30–14:20 **ATLAS+CMS: Measurements involving tagging techniques**

Speakers
Benedikt Maier, Trisha Farooque

14:45–15:15 **Image-Based Jet Analysis and its application to experiments**

Speaker
Michael Aaron Kagan

15:30–15:45 **break**

15:45–16:15

Theory perspective on ML jet analyses and the interpretability of their results

Speaker
Jesse Thaler

16:30–17:00 **additional discussions**

17:00
