

Ninth International Fermi Symposium

Monday 12 April 2021

Indirect Dark Matter Searches: Parallel-3 (18:00 - 19:30)

-Conveners: William Atwood

time	[id] title	presenter
18:00	[25] Dark matter and diffuse radio emission in spiral galaxies	RAMBURUTH-HURT, Tanita
18:15	[26] Search for Dark Matter Annihilation from the Milky Way Dwarf Spheroidal Galaxies with Twelve Years of Fermi-LAT Data	MICHAEL KARWIN, Christopher
18:30	[27] Dark Matter search in dwarf irregular galaxies with the Fermi Large Area Telescope	GAMMALDI, Viviana
18:45	[28] A search of dark matter subhalos with the Fermi-LAT	CORONADO-BLÁZQUEZ, Javier
19:00	[29] Multimessenger constraints on the dark matter interpretation of the Fermi-LAT Galactic center excess	DI MAURO, Mattia
19:15	[30] Indirect search of Dark Matter signatures in the gamma-ray flux towards the Sun with the Fermi LAT	SERINI, Davide
