

# Ninth International Fermi Symposium

## Wednesday, April 14, 2021

### Exploring Connections: Active Galactic Nuclei & Neutrinos: Plenary-4 (4:35 PM - 6:15 PM)

-Conveners: Markus Boettcher

time	[id] title	presenter
4:35 PM	[57] The challenge of understanding AGNs through extensive multiwavelength observations	PANEQUE, David
5:00 PM	[58] EBL models and cosmology with gamma rays	FINKE, Justin
5:25 PM	[59] High-Energy Neutrino Observations by IceCube	AHLERS, Markus
5:50 PM	[60] Theoretical perspectives on Multimessenger Astronomy with astrophysical neutrinos	REIMER, Anita
