

Ninth International Fermi Symposium

Wednesday, April 14, 2021

Exploring Connections: Neutrinos and Gamma Rays: Parallel-7 (6:15 PM - 7:45 PM)

-Conveners: Markus Ahlers

time	[id] title	presenter
6:15 PM	[61] Multimessenger follow-up of high energy neutrino events using Fermi-GBM	WOOD, Joshua
6:30 PM	[62] 12.5 Years of Fermi LAT Flare Advocate Service	CIPRINI, Stefano
6:45 PM	[63] Patterns in the multi-wavelength behavior of neutrino emitting blazar candidates	GARRAPPA, Simone
7:00 PM	[64] Searching for the sources of high-energy astrophysical neutrinos with VERITAS	JIN, Weidong
7:15 PM	[65] Multimessenger tests of high-energy neutrino production in blazars	OIKONOMOU, Foteini
7:30 PM	[66] Seeking the Link between IceCube High-Energy Neutrinos and the Unresolved Gamma-ray Background	NEGRO, Michela
