

Ninth International Fermi Symposium

Thursday 15 April 2021

Exploring the Galaxy: Pulsars and Pulsar Wind Nebulae: Parallel-11 (07:00 - 08:30)

-Conveners: Christo Venter

time	[id] title	presenter
07:00	[85] Einstein @ Home Discovery of Two Spiders Pulsars	NIEDER, Lars
07:15	[86] Searching for a population of soft gamma-ray pulsars	SAZ PARKINSON, Pablo
07:30	[87] Energy-dependent Light Curve Modeling of the Vela Pulsar	BARNARD, Monica
07:45	[88] Modelling the optical polarized emission of AR Scorpii white dwarf pulsar	RAMAMONJISOA, Fidy Andriamanankasina
08:00	[89] Phase-resolved polarimetry constraints for the white dwarf pulsar AR Sco	DU PLESSIS, Louis
08:15	[90] Studying the importance of possible oscillations of photons into axion-like particles in pulsars	Dr GALANTI, Giorgio
