

Ninth International Fermi Symposium

Thursday 15 April 2021

Gamma Rays in the Solar System: Plenary-6 (16:35 - 18:10)

-Conveners: Melissa Pesce-Rollins

| time | [id] title | presenter |
|-------|---|---------------------|
| 16:35 | [101] Fermi-LAT Solar Flare Catalog: Observations of Solar Flares at High Energy During Solar Cycle 24th | OMODEI, Nicola |
| 17:00 | [102] Probing the Puzzle of Fermi Long-Duration Gamma-Ray Flares by Data-driven Global MHD Simulations | JIN, Meng |
| 17:25 | [103] Free time | |
| 17:40 | [104] Study of Earth's Stratospheric Gamma-Ray Emission in Geographical Coordinates with Fermi LAT | MITTHUMSIRI, Warit |
| 17:55 | [105] Search for gamma-ray emission from interstellar visitors 1I/Oumuamua and 2I/Borisov with Fermi-LAT data | DI VENERE, Leonardo |
