

Session Program

12-17 Apr 2021

Ninth International Fermi Symposium

***Exploring the Galaxy: Pulsars, Pulsar Wind
Nebulae and Supernova Remnants***

Friday 16 April

15:00

Exploring the Galaxy: Pulsars, Pulsar Wind Nebulae and Supernova Remnants: Plenary-7

Session | Location: | Convener: Patrizia Caraveo

15:00–15:25

Very-High-Energy Observations of Pulsar Wind Nebulae and Supernova Remnants

Speaker

Nukri Komin

15:25–15:50

What have we learned from Fermi Pulsar Light Curve Modelling?

Speaker

Christo Venter

15:50–16:05

The Third Fermi-LAT Pulsar Catalog

Speaker

Matthew Kerr

16:05–16:20

Free time

16:20
