

LXXI International conference "NUCLEUS –2021. Nuclear physics and elementary particle physics. Nuclear physics technologies"

Contribution ID: 52

Type: **Oral report**

CMS SUSY and Exotica results

Friday, 24 September 2021 13:00 (25 minutes)

The search for new physics such as supersymmetry (SUSY) and other beyond-the-standard-model physics is a major goal of the LHC physics program. The talk will cover the most recent results of SUSY and Exotica searches using 137 fb^{-1} data collected in 2016-2018 with the CMS detector at the LHC.
