Applications to be announced

COVID-19

Difficult to assess now what the situation will be. Points to be considered:

- Vaccinations
- Travel
- Access to CERN site
- Supervisors' availability
- People at risk
- Hotel

The programme will be adapted to COVID-19 situation in real time
Last-minute changes are always possible

What is new?

New website

“Magic does not happen here, magic is being explained here.” (Tim Hock)

Have you ever dreamed of becoming the next Nobel Prize winner? Here at CERN you could have opportunities of making those dreams become reality!

CERN offers high school students a chance to take part in CERN's activities in multiple ways, activities ranging from shadowing an engineer to participating in an exciting research programme in a wide range of fields, especially in STEM. We make you reflect on more about your exploration, and how they could make a future career in CERN (All the more dynamic and motivational experience!!)

Feel free to explore all the exciting opportunities!

New online activity

Future of the Programme

HSSIP report and proposal

- New structure for the programme based on the feedback we received
- Fixed format
- More options and flexibility in the annual schedule
- Defined roles and tasks for all parties involved

One more change...
