

Session Program

27-28 May 2021

2nd Forward Physics Facility Meeting

Potential for BSM / Neutrino Physics studies

Thursday 27 May

18:00

Potential for BSM / Neutrino Physics studies Session

18:00–18:15 **BSM and Forward Physics**

Speaker

Adam Ritz

18:20–18:35

Neutrino and dark matter searches with the far-forward liquid argon detector

Speaker

Sebastian Trojanowski

18:40–19:00 **Further Thoughts and Discussion**

Speaker

Herbi Dreiner

19:00
