

**Session Program**

**27-28 May 2021**

**2nd Forward Physics Facility Meeting**  
***Liquid Argon & other detection techniques***

## Thursday 27 May

19:00

### Liquid Argon & other detection techniques

#### Session

19:00-19:15

#### LAr and other detection techniques

**Speaker**

Milind Vaman Diwan

19:20-19:35

#### Thoughts on infrastructure, cryostat, and safety for an FPF LAr TPC detector

**Speaker**

Filippo Resnati

19:40-20:00

#### Further Thoughts and Discussion

**Speaker**

Vittorio Paolone

20:00
