

Session Program

27-28 May 2021

2nd Forward Physics Facility Meeting
***Towards intrinsic charm exploration at the
FPF***

Friday 28 May

19:30

Towards intrinsic charm exploration at the FPF

Session

19:30-19:45

Forward charm production and intrinsic charm in the nucleon: constraints from the IceCube Neutrino Observatory and synergy with the LHC forward experiments

Speaker

Rafal Maciula

19:50-20:05

Towards Intrinsic Charm exploration at the FPF: CTEQ PDFs and intrinsic charm

Speaker

Marco Guzzi

20:10-20:30

Further Thoughts and Discussion

Speaker

Pavel Nadolsky

20:30
