LHCONE AUP

- Previous LHCONE AUP since 10 Feb. 2015

- Two LHCONE Editorial meetings
    - structure/passages moved/changed/removed
    - better readable now
    - security part shortened and pointer to relevant WLCG groups included
    - more specific to LHCONE
    - part of the text has been corrected and updated

Members:

- Vincenzo Capone (Géant)
- Romain Wartel (CERN - WLCG Security Officer)
- David Kelsey (STFC)
- Lars Fischer (NORDUnet)
- Ian Collier (CERN)
- Mark Lukasczyk (BNL)
- Christian Todorov (Internet2)
- Edoardo Martelli (CERN)

- Additional:
  - Stefano Zani
  - Stefan Lüders
  - Bill Johnston
  - Tony Cass
  - …

Steinbuch Centre for Computing

- <u>Definitions</u>
  - rewritten **WLCG Management Board** → stating responsibility + represents all stakeholders
  - added **LHCONE Manager** → appointed by LHCONE comminuty + approved by WLCG MB

- <u>Participating Collaborations and related information</u>
  - **Belle II, U.S.ATLAS, U.S.CMS, Piere Auger Observatory, NOvA, XENON, JUNO**
    - **All URLs updated**
    - **contact information actualized**

  - <u>Depovisioning Process "how-to"-- remove collaborations from LHCONE</u> → not defined yet

- <u>LHCONE L3VPN Acceptable Use Policy (AUP)</u>
  - <u>Eligibility for becoming a LHCONE Site</u>
  - <u>Announcement of IP prefixes for LHCONE Traffic (LHCONE Prefix)</u>
  - <u>Authorized source and destinations nodes (LHCONE Nodes)</u>
  - <u>Security incident reporting</u> → is pointing more clear to the WLCG security incident response procedures
  - <u>Violatios and non-compliance with the AUP</u>

- <u>Roles and Responsibilities</u> – checked and updated
  - **LHCONE Providers passage changed – now better fitting for an NRENs**
