CosmiX and beyond - Simulating particle tracks in image sensors and microelectronics

Wednesday 16 June 2021 14:55 (25 minutes)

In this talk, the CosmiX cosmic ray model will be presented, and in general the Monte Carlo simulations of ionizing particle tracks in image sensors, as well as in microelectronics will be discussed.

Author: Mr LUCSANYI, David (CERN)

Presenter: Mr LUCSANYI, David (CERN)

Session Classification: Particles and Radiation Modelling

Track Classification: Talks
