

The 2021 School on the Physics of Baryons (Baryons-21_School)

Monday 18 October 2021

Novelties from New Experimental Programmes - Virtual (13:00 - 14:45)

time	[id] title	presenter
13:00	[1] New M2 beamline at the CERN SPS	QUINTANS, Catarina
13:35	[2] Overview of LHCb recent results	DE OYANGUREN CAMPOS, Arantza
14:10	[3] Future EIC at Brookhaven National Laboratory	ENT, Rolf

Novelties from New Experimental Programmes - Virtual (15:15 - 17:00)

time	[id] title	presenter
15:15	[4] Proposal and Planning for an Electron Ion Collider in China (EicC)	WANG, Rong CHEN, Xurong
15:50	[5] JLab's Unique Contributions to Strong QCD: Recent Results and Future Goals	GOTHE, Ralf
16:25	[6] Hyperon Physics with BESIII	SCHOENNING, Stina Karin
