

# **International Conference on Ion Sources (ICIS2021)**

**Monday, 20 September 2021 - Friday, 24 September 2021**

## **Scientific Programme**

Choose only **one (1)** track for your abstract to be considered for.

**Fundamental processes**

**Negative ion sources**

**Radioactive ion beams, charge breeders and polarized beams**

**Beam extraction, transport, and diagnostics**

**Production of high intensity ion beams**

**Production of highly charged ion beams**

**Applications and related technologies**

**Ion sources for fusion**

**Key Technologies for Ion Sources**
